Certificate in Software Engineering — NIBM

EASHIKA ASHUBOD

Ihala Landage Eashika Ashubod

IT for Business Undergraduate | Aspiring Business Analyst

PROFESSIONAL SUMMARY

IT for Business undergraduate at NIBM with a genuine interest in using technology to solve real business problems. Comfortable moving between technical and strategic work — from coding and systems design to process analysis and documentation — with hands-on exposure to AI tools, business analysis, and project management. Looking to bring that same curiosity and follow-through to a Business Analyst internship.

EDUCATION

BSc (Hons) Information Technology for Business *Expected 2029*
National Institute of Business Management (NIBM)

Higher National Diploma in Information Systems *In Progress*
National Institute of Business Management (NIBM)

PROJECTS

- Business Analysis Documentation — produced user stories, epics, wireframes, a data dictionary, and process diagrams for a coursework system.
- Hospital Management System — built core modules in C# and Java covering appointments and patient records.
- Hotel Resort Website — designed and developed a booking-facing site using HTML, CSS, JavaScript, and PHP.
- Fuel Management System — final project for the Higher National Diploma, covering end-to-end system design.
- Farm Management System — coursework project focused on tracking and managing farm operations.

EXPERIENCE

Executive Editor & Lead, Media & Communication — ZeroPlastic NIBM *May 2025 – Jan 2026*

- Led media strategy and campaign planning for the initiative's public-facing communications.
- Directed creative content production across the team's channels.
- Managed coverage and reporting for a beach cleanup campaign.

Student Member — IEEE Student Branch of NIBM *2025 – Present*

EXTRACURRICULAR & CREATIVE WORK

Active in voice over, cinematography, broadcasting, and landscape photography, alongside practicing karate — creative and disciplined pursuits that shape a well-rounded, detail-oriented approach to work.
